

HOW TO

# Implement Analytics

Review individual login trends for gaps in attendance during targeted Weeks 3, 6, 9, 12.

## ENGAGEMENT

Review grade distributions and individual assessments. Targeted emails based on low grades or missing. Whole-class content additions, supplements, reviews.

## ASSESSMENT

Review individual login trends for gaps in submission/engagement. Targeted emails with academic supports, linked in/out SLATE pages.

## INTERVENTION

Review individual login trends for gaps in engagement. Target emails with potential to share non-academic wrap-around supports.

## WELLNESS

### Student Success Focus

### Whole-Class Impact

## PAGE

Review time spent on key pages. Identify, target and revise pages with high/low interaction.

## ASSESSMENT

Review Grade Distribution. Identify Content gaps or needed supports.

## TRENDS

Identify engagement dips/jumps (week/day). Identify and target tools for development as well as dates for content release and reminders.

## REFLECTION

Share and Discuss with other Section Profs on experiences. Develop plan for future updates on assessments, activities, readings, and content.
