

# 4 examples of teaching and learning

Human teaching and learning is a social process. The visual shows 4 images that are representational of the notion of teaching and learning.

The 4 images show:

1. A mother guiding her son as he learns to ride bike
2. A little girl observing as her father shows her how to cook
3. A golf instructor demonstrating for a student learning to golf
4. An online instructor taking a learner through an example online
