Scoring

This questionnaire asks you to describe your own behavior within a group setting. To score the instrument, add up your scores as follows for the three categories of behavior.

Task-oriented behavior	(add up items 1–4)
Relations-oriented behavior	(add up items 5–8)
Self-oriented behavior	(add up items 9–12)

Examine the resulting pattern in your answers. As usual, there are no correct or incorrect answers. Instead, this is an opportunity to view how you describe your own role-related activities in a group. What did you learn about yourself? How does your role in a group differ from those of other individuals?
