Module 4: Digital Literacy Coaching

"If people had the right skills and intention to communicate well, there would be no conflict. The better we are at communicating, the better our lives will be. "
— Yama Mubtaker

"Technology will never replace great teachers, but technology in the hands of a great teacher can be transformational."
— George Couros

" 21st Century Education won't be defined by any new technology.
It won't be just defined by 1:1 technology programs or tech-intensive projects. 21st Century Education will, however, be defined by a fundamental shift in what we are teaching - a shift towards learner-centered education and creating creative thinkers."

– Karl Fisch

"The real power of interactive technologies is that they let us learn in ways that aren't otherwise possible or practical."
– David Lassner

"Although we live in an information technology age, we often find ourselves in failure to communicate situations. "
— Johnny Tan

"Education is learning what you didn't even know you didn't know."
— Daniel J. Boorstin

"Technology gives the quietest student a voice."
— Jerry Blumengarten

"Similarly, computer literacy courses tend to produce computer people who know a lot about computers or a piece of software but they don't help people become fluent with the machine. "
— Seymour Papert

"It is not about the technology; it's about sharing knowledge and information, communicating efficiently, building learning communities and creating a culture of professionalism in schools. These are the key responsibilities of all educational leaders."
— Marion Ginapolis

"Replacing paper with a PC screen doesn't change the need for clear, precise communication."
– Kenneth Roman; Joel Raphaelson
