

HOW TO

Develop a Growth Mindset

Not This

I don't know how to do this.

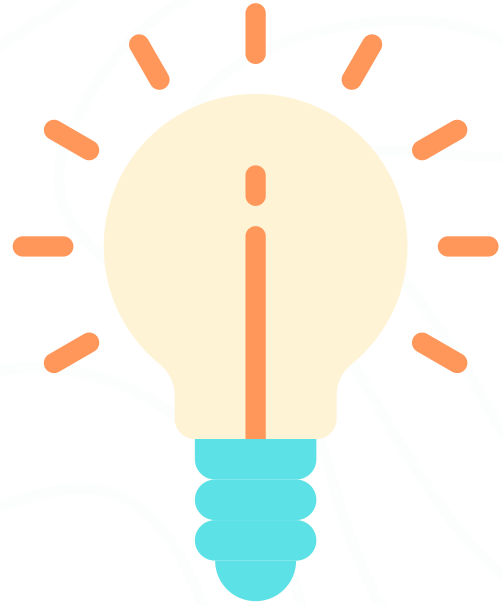

Critique and feedback are always about me personally.

This task is challenging, I can't do it.

If I ask questions I'll look unintelligent

But That

I can learn how to do something I don't know.

Feedback helps me move forward and get better.

This task is challenging, but I can try again.

Asking questions will help me learn and get clarity.
