

Teachable Moments Ideation Form

Below are a series of brief questions designed to get you thinking about the form and function of your "Teachable Moments" podcast.

1. What is the theme going to be for your series (eg. topic highlights/challenges, emerging interests of discipline, course content reflections)

2. Will you have guests involved? Who will they be?

3. What 'ambience' do you want (eg. background sounds, busy/quiet space, soft/firm voice). Think about locations.

4. Degree of professional/casual 'feeling'

1= high professional 5= casual.
