# 5 Avenue to Learn Functions you may not know about!

01

Intelligent Agents

Intelligent Agents monitor your Avenue course for conditions that you set to be met, which triggers a pre-set action.

02

Broken Link Checker

The Broken Link checker displays a list of all the links within a course that can no longer be accessed.

03

Instructor Widget

The Instructor Widget can be used on your course homepage to introduce yourself to your learners!

04

"Tools" Toggle Menu

The "Tools" menu under Course Admin allows you to control which items are visible in the dropdown menus of your Avenue course.

05

Student View

Student View previews the course as it would be viewable to a student in that moment.
