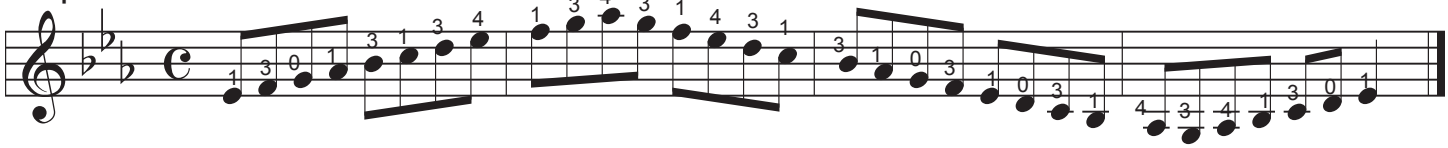
GF1 Lesson 25a.

Key of Eb Major

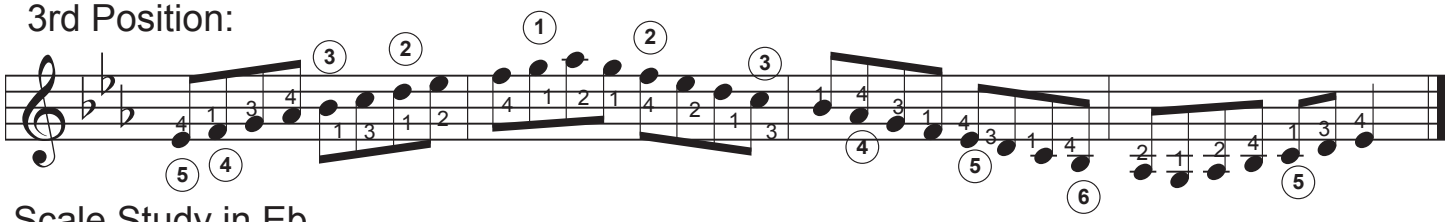
in Open and Closed Fingering

Show me a guitar player who likes this key and I will show you a guitarist who has been spending way too much time playing with horn players.

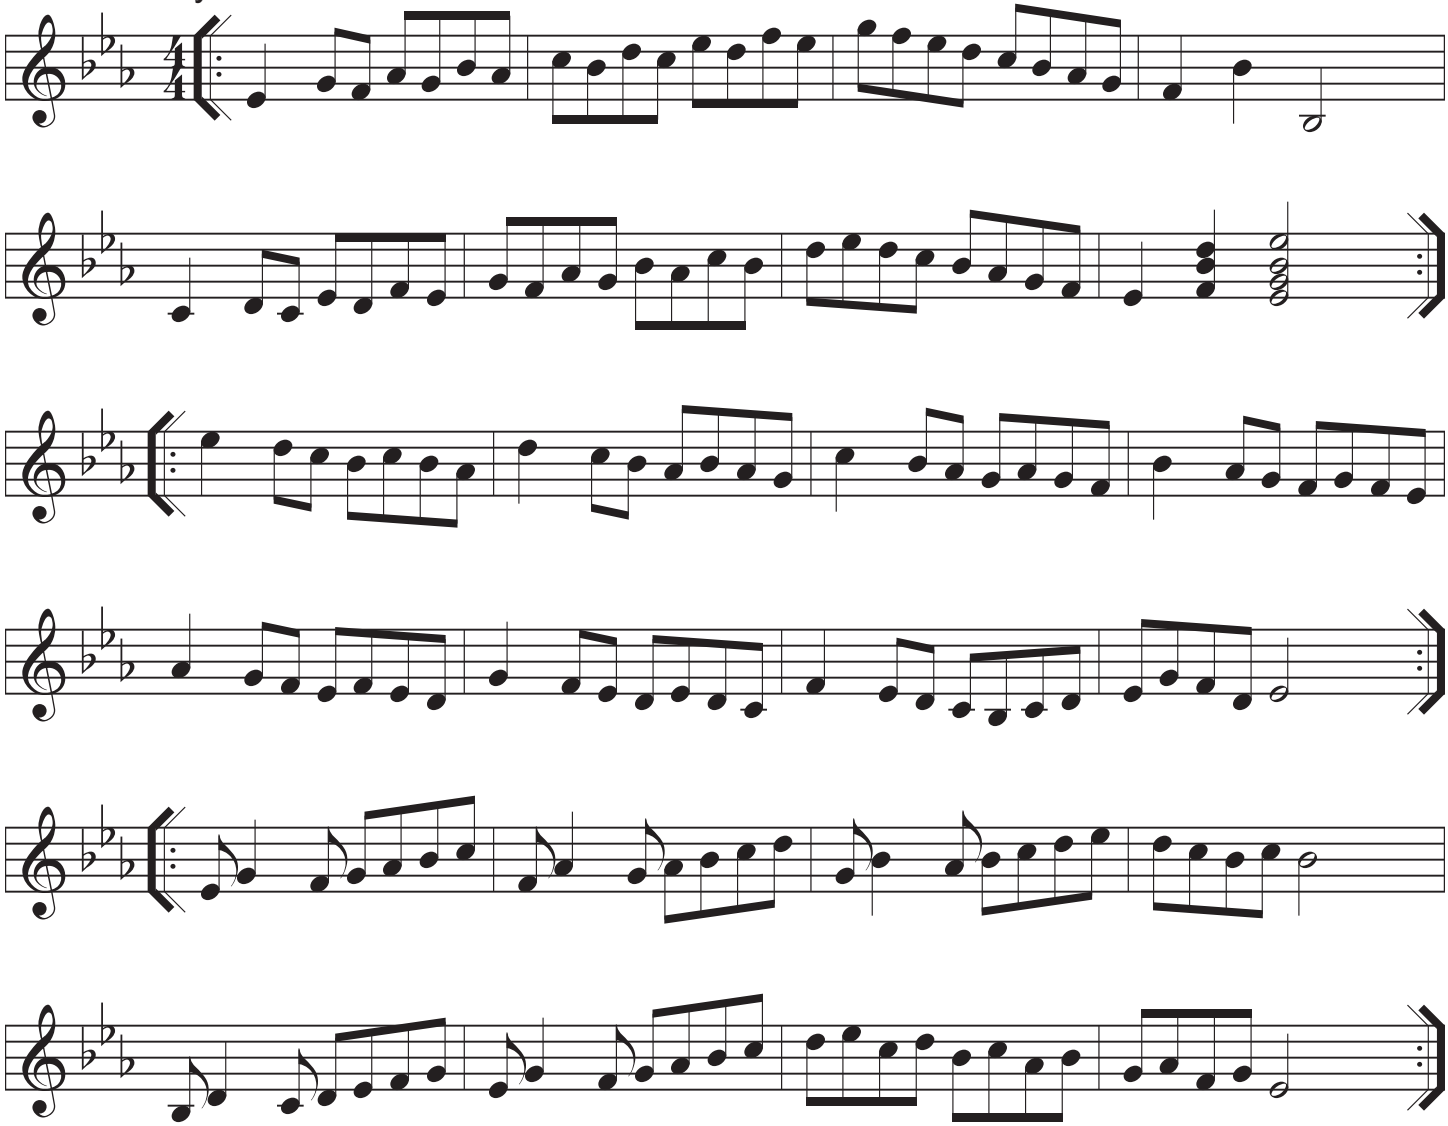
Open Position:



3rd Position:



Scale Study in Eb



Practice the above study in "open position" fingering and also in "3rd position" fingering. Keys containing flats are generally best played in higher positions. Notice that this key signature has left you with only the notes "G" and "D" as open strings.
