

(Book 4)
Lesson 36.

First Inversion 2
Oct Arps with Bass
Note on "E" (6)

D dim is not available on
this string configuration.

All arpeggios are
demonstrated in an
ascending run but
any arpeggio
should also be
practiced in
retro-grade. If you
can not work this
out in your head,
you may have not
been paying any
attention in the
earlier lessons in
the previous books.
Perhaps a teacher
demonstration may
be needed here.
