What is the role of sport in settler colonial projects?

Allowing Indigenous peoples to preserve their traditions.

✓ Controlling the bodies of indigenous peoples

✓ Appropriating the body cultures of Indigenous peoples.

Notebook Prompt

Although we have discussed in this module how the colonial project sought to suppress Indigenous cultures, it is important to note that it also appropriates and adapts Indigenous cultures and "body movement practices" (75) as part of a larger endeavour to "make settlers Indigenous" (75).

What does this look like? (write a few sentences)
